MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 1 to Contract No.
NY-B-5111C with Baird-Atomic, Inc., Project

25X1A

1. This memorandum contains a recommendation submitted for the approval of the Project Director. Such recommendation is set forth in Paragraph 5.

2. Contract No. NY-B-5111C provides for 50 sextants, viewing heads, and related services for the Navy. Item 7 covers modification and fabrication of various panels with a price not to exceed \$8,000. The Contractor has been requested to design and fabricate one periscopic sextant viewer and control panel for a P2V-3B. The Contractor estimates the cost of this viewer and developer to be approximately \$1500 but believes that there are sufficient dollars within the \$8,000 allotted to complete this work at no additional request for funds. However, the Contractor reserves the right to request additional funds for this work if the \$8,000 item cost is subsequently exceeded.

3. No additional funds are required by this Amendment No. 1 at this time.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.

Contract No. NY-B-5111C
Amendment No. 1

27 NOV 1957

Baird-Atomic Inc.
33 University Road
Cambridge 38, Massachusetts

Gentlemen:

1. Reference is made to Contract NY-B-5111C between the United States of America and Baird-Atomic Inc. for the furnishing of 50 sextants and related support.

2. Appendix I of the Schedule, Item No. 7, is hereby deleted and the following substituted in lieu thereof:

"Item 7 - Modify and/or fabricate seven (7) panels of the following types to mount Type 5111 sextants:

5 ea. A3D type panel
2 ea. WV2 type panel

Design and construct one type 5111 sextant viewer and panel for P2V-3B aircraft -----\$8,000."

3. This Amendment No. 1 does not result in an increase in the contract price at this time. However, the Contractor estimates the cost of the development and viewer would be approximately \$1500 and reserves the right to request additional funds if the \$8,000 ceiling is exceeded on this item because of this change.

4. All other terms, conditions and requirements of Contract No. NY-B-5111C as amended, remain unchanged.

5. Please indicate your receipt of this Amendment No. 1 by executing the original and two copies thereof. Return the fully executed original and one copy thereof to the undersigned and retain the remaining copy for your files.
